

Mercedes-Benz G C2 Repaint-pack

ZAGREBAČKI ELEKTRIČNI TRAMVAJ

Thank you for downloading this ZET Repaint-pack! ZET Zagreb has recently got 20 new Mercedes Benz busses in their fleet, so I decided to make the repaint in OMSI 2. This Repaintpack contains 19 versions, each with a different Garage number varying from 560 to 579. Simply just copy and paste the folder in OMSI 2 Directory and you're good to go! This repaint has been made for [Mx200's Citaro G C2](#). No other G C2 version in OMSI 2.

DO NOT REUPLOAD THIS REPAINT-PACK AS YOURS.
