

VRR Fares 2023 to 2025

Notice:

- This is a small project I made for myself. So don't expect a polished product
- I made two variants:
 - Variant A (easier to install): contains all standard tickets used in OMSI 2
 - Variant B (harder to install): additionally contains that bus drivers only sell singles since 01.09.2024
- **Please read the whole installation manual for your desired variant bevor trying to install anything.**
- Since there is just one fare for children, I omitted the short-haul reduction rate
- Do note that the ticket position might be wrong after 01.09.2024 if you use variant B and depending on the ticket printer

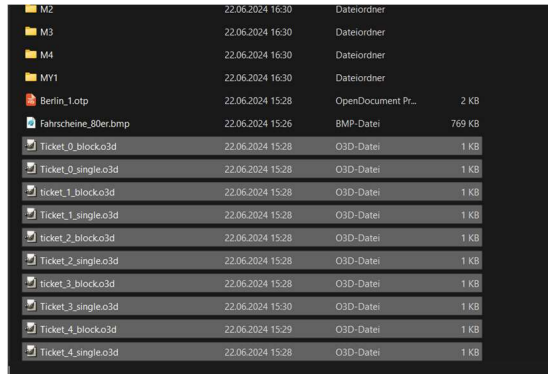

List of tickets and fares in Euro:

4. Rename the speech files of children inside of the "VRR202402", "VRR202501" and "VRR202502" folders in the following way
 - a. In "VRR202402" and "VRR202501" folders:
 - i. Change "Ticket_4_1.wav" to "Ticket_3_1.wav"
 - ii. Change "Ticket_4_2.wav" to "Ticket_3_2.wav"
 - b. In the "VRR202502" folder:
 - i. Change "Ticket_4_1.wav" to "Ticket_2_1.wav"
 - ii. Change "Ticket_4_2.wav" to "Ticket_2_2.wav"

The folders for the childrens sound files are "FY1" and "MY1". *If you own any AI-People-DLCs you additionally have to rename the files in the folders ending in "Child_[number]" or "Kind_[number]". It is sufficient to only rename the files in the language you use*

5. Copy the contents of the "chrono" folder (...\\Variante B\\chrono) into the "chrono" folder of the maps you want to use the chrono events in (...\\Omsi 2\\maps\\[map name]\\chrono)
6. **Done!**

Deinstallation

If you want to remove the chrono event from a map delete the following folders in the chrono folder of the map:

Variant A	Variant B
