

General

First of all, thank you for downloading my Chrono Event for the Thuringian Forest map. It includes four new services for the OVR, each lasting around four hours. With service trips to Lichtentanne ZOB and the depot. BBS, OmniNavigation, and arrows should all work.

Notes

This chrono event expands the “Thuringian Forest” map for OMSI 2 with two “new” late bus lines:

Line 731 : Lichtentanne ZOB – Wurzbach, Neue Siedlung

Line 732 : Lichtentanne ZOB – BadLemnitz, Rathaus

Line 735 : Lichtentanne ZOB – Altenfeld, Bahnhof

These lines run in the late evening and night hours and offer an additional transportation option for shift workers and night owls. The departure times from the central bus station are as follows

Line 731 : 35 minutes after the full hour

Line 732 : 40 minutes after the full hour

Line 731 : 30 minutes after the full hour

Installation

1. Unzip the contents of the archive into your OMSI 2 directory (usually \OMSI 2\maps\TH_Wald).
2. Start OMSI 2 and select the “Thuringian Forest” map. The new lines/services should now be available in the selection menu.

Information

The timetables for the lines are designed for late evening and night-time travel.

For an optimal gaming experience, it is recommended that you choose the appropriate vehicle.

Vehicles

Solo buses are recommended for this chrono event, as passenger numbers are lower during the night. I therefore recommend the Citaro O530 UE

Troubleshooting

If you encounter any problems, please check the following:

Is the Chrono Event correctly installed in the OMSI 2 directory?

Is the "Thüringer Wald" map with the correct date selected? (From 01.08.2005)

Are all the necessary files available?

If you have any further questions or problems, please contact me in the support thread.

Map: Thüringer Wald

Just to remind you: this Chrono event is merely an extension of lines 731, 732 and 735, which have been in existence since the release. The only new features are the adjusted routes and the new Abzweig Schieferpark stop. These have been divided into four new services. Modification or re-uploading without permission is not permitted!

Have fun with the Chrono Event!
