Introduction

This repaint series makes tribute to the buses of Barraqueiro Oeste, the main bus operator of Torres Vedras and its surroundings, including intercity connections to Lisbon and Mafra's Malveira locality. This operator is owned by the Barraqueiro Group's Barraqueiro Transportes. These repaints are destined for the **Euro 3** versions of the **Setra S 315 UL**, **Setra S 315 UL-GT** and **S 317 UL-GT** of the buses that come with the add-on Thüringer Wald. This includes a special repaint for the latter bus that resembles one of their real-life units, #0960.

To make editing these repaints more easier to you, the original PDN files comes with the repaints themselves.

The repaints included on this package are:

S 315 UL Euro 3, 2000-2004 version

Setra S 315 UL-GT Euro 3, 2000-2004 version

Setra S 317 UL-GT Euro 3, special Barraqueiro Oeste #0960 livery
