Introduction

This repaint package for the **MAN Lion's City Ü (A20)** and **MAN Lion's City ÜLL (A25)** from the payware **DLC Bad Hügelsdorf 2020** provides a series of repaints of the main operators of the payware **DLC Thüringer Wald**, including **Omnibusverkehr-Rennsteig (OVR)**, **Müller-Touristik** and **Kessler Reisen**, based in Lichtentanne, Wurzbach and Bad Lemnitz, respectively. The Müller-Touristik repaint is for only the A20. The repaints are designed to be another option to complement the Setra S 31x UL and Mercedes-Benz O 550 Integros existing in the fleet.

As always, the original PDN file that I used to make the repaints is available for those who want to modify the repaint.

The package contains the following repaints for the following operators:

Omnibusverkehr-Rennsteig (OVR), from Lichtentanne:

Kessler Reisen, from Bad Lemnitz:

Müller-Touristik, from Würzbach (ONLY for A20):

How to install this repaint pack

To install this repaint pack, please extract the content on the ZIP folder. Subsequently, put the content on the correct OMSI 2 directory, which is:

OMSI 2/Vehicles/BHD_MAN_LionsCity/Texture/Repaint_A20,
/Repaint_A20_KI, /Repaint_A25 and /Repaint_A25_KI

Copyright information and final notes

As with all of my repaints, they are distributed under the Creative Commons Attribution 4.0 License (**CC-BY-NC-SA 4.0**). You can redistribute this repaint freely, you can also modify it, or even build upon it, but don't forget to mention me (**O530 Carris PT**) as the original creator of this content, and indicate whatever modifications you made.

In order to get modified versions of this particular repaint, please save the PDN file that comes with this package (you will need paint.net) it to a **DDS file**, and save it with the **DTX5 type**.

However, distribution for commercial purposes is **not allowed for any reason**.

This repaint can still be subject to minor or major updates if it is justified or necessary.
