Introduction & content

This repaint for Helvete's MAN Lion's Coach is a representation of the real-life MAN Lion's Coach operated by the companies which operate the Citi Express system [Transdev-REDM, Transdev-RBL, Transdev Norte and Rodoviária da Beira Interior, among other companies from Transdev in Portugal, although only Rodoviária da Beira Interior has them in reality].

It has taken a whole lot to get this repaint tested and done, much because of its complexity.

How to install the repaint

To install this repaint, please extract the content on the ZIP folder. Subsequently, put the content on the correct OMSI 2 directory, which is:
