Introduction & content

This repaint package for the modded Mercedes-Benz O 305 by e2h1986, based upon the payware bus from RW1HH is a tribute to the buses operated by Carris from 1975 to the mid-2000s, with some of them remained in service until 2009. These buses now are retired or in the Carris Museum [although only the Volvo B59-55V No. 1001 regained the original 1975 colours after restoration].

This repaint package comes with 12 repaints [6 for each front type]:

StÜLB 1982 [Carris 1977, 1978, 1990 and 1998]:

StÜLB 1986 [Carris 1990 and 1998]:
