Introduction & content

This fictional repaint for the Arne J.'s Iveco Crossway LE makes tribute to the former and present buses used by Rodoviária do Alentejo, after the split of the former company Belos Transportes in 2000s, which formed the company which got this name in 2002.

This livery is still used by some buses.

How to install the repaint

To install this repaint, please extract the content on the ZIP folder. Subsequently, put the content on the correct OMSI 2 directory, which is:

OMSI 2/Vehicles/Iveco Crossway LE/Texture/Repaints_SB

This package comes only with the SB [Schnellbus] version of the repaint. However, you can also install on the normal version as well if you want to.
