Introduction & content

This repaint for Onkel Hugo's Setra S 215 UL [modded version] is a tribute to the real life Setra S 215 UL buses used by Henrique Leonardo Mota Lda., a company operating bus lines from Guerreiros [Loures], to Lisbon [C. Grande] and to Covas de Ferro, in Sintra. These buses have already been retired since the mid-2010s after 20+ years of accrued service [these buses were imported from Germany].

This repaint took a fair deal of time to get done because of its logo that required some attempts to get it right.

How to install the repaint

To install this repaint, please extract the content on the ZIP folder.
Subsequently, put the content on the correct OMSI 2 directory, which is:

OMSI 2/Vehicles/Setra_215UL/Texture/Repaints_S215UL

This repaint is useful in both the automatic and manual transmissions of this bus. For OMSI 1 users, please replace the folder name "OMSI 2" with "OMSI".
