Introduction & content

This repaint for Perotinus's Mercedes-Benz O 307 [version 2] is based upon the real-life EAVT's Mercedes-Benz O 307 used by the Joalto Group-controlled company, more precisely on 7421, a Mercedes-Benz O 307 purchased second-hand from Germany in the 1990s. This bus was still in service as of 2010, but may already have been retired afterwards.

This repaint is for the rollband version of the bus.

How to install the repaint

To install this repaint, please extract the content on the ZIP folder.
Subsequently, put the content on the correct OMSI 2 directory, which is:

OMSI 2/Vehicles/MB O307 V2/Texture/Repaints O307

As I've previously mentioned, this repaint is for the rollband version of the bus.

Copyright information & final notes

As with all of my repaints, they are distributed under the Creative Commons Attribution 4.0 [License](#) [CC-BY-NC-SA 4.0]. You can redistribute this repaint freely, you can also modify it, or even build upon it, but don't forget to mention me [O530 Carris PT] as the original creator of this content, and indicate whatever modifications you made.

However, distribution for commercial purposes **is not allowed for any reason.**

This repaint can still be subject to minor or major updates if it is justified or necessary.
