Introduction & content

This repaint for Perotinus's Mercedes-Benz O 407 is based upon the real-life Boa Viagem's Mercedes-Benz O 407 used by the Barraqueiro Group-controlled company, more precisely on 0396, a Mercedes-Benz O 407 purchased second-hand from Germany in 2000. This bus was still in service as of 2006, but may already have been retired afterwards.

This repaint is compatible with all versions of the bus, although only the Vollmatrix version is published.

How to install the repaint

To install this repaint, please extract the content on the ZIP folder.
Subsequently, put the content on the correct OMSI 2 directory, which is:

As I've previously mentioned, this repaint is for all versions of the bus,
although only the Vollmatrix version is published.
