Introduction & content

These repaints for Helvete's MAN Lion's Coach is based upon EVA Transportes's units used for long-range routes and touristic excursions on behalf of Mundial Turismo, a travel agency owned by the Barraqueiro Group and which also provides services for Rede Expressos.

The livery tries to represent those buses, even though it has some inconsistencies [like a proper MT logo missing]. And is available for both the 12m standard version, and the 15m L version.
